What is the Elementary Program?

It is a National Coaching Certification Program (NCCP) online course that is:

- designed for Elementary School Teachers delivering a physical education curriculum.
- a useful resource for noon hour and after school programs.
- a well-designed, detailed program for community leaders and clubs looking for developmental programming.

The Elementary Volleyball Program:

- introduces children to the game of volleyball in a fun and interesting way,
- uses a variety of participant formats (*1 x 1; 2 x 2; and 3 x 3*) for the activities/games,
- uses play experience to help children learn basic game tactics, technical skills, and rules, and
- includes a 150-page Teacher Guide with sample lesson plans and assessments making it easy for teachers/instructors to use.

Key Components:

- uses lighter and softer volleyballs.
- activities/games are played on a smaller court (*badminton court*), or a volleyball court divided in half, lengthwise.

ATOMIC SMASHBALL

Designed for children: gr. 4 – 6; ages 9 – 12 years

What is it? A combination of **Atomic Volleyball** and **Smashball**

Atomic Volleyball is a training program (6 – 8 sessions; 1 – 1 ½ hours/session) in which:

- children learn the basic skills of volleyball: *attacking, fore-arm passing, overhead passing, serving, and blocking*;
- children practice the skills through modified game play (**Smashball** . . . see below)
- the game is played using lighter and softer volleyballs on a badminton court, with the net at badminton height or a lowered volleyball net (*max. 2 meters*), and;
- there are 3 - 4 players per side.
- children are provided with the background that can help them to play in other Elementary, Intramural, and High School programs.

Smashball is:

- a volleyball game-play variation that emphasizes attacking (*hitting/spiking*).
- fun and fast-paced.
- ideally suited for use as the game play component for an Atomic Volleyball training program . . . thus **Atomic Smashball**

How is Smashball played?

- from an ATTACK - the receiving team can *catch* the ball directly, OR after the ball bounces once, and continue the rally.

- from a SERVED or TOSSED ball - the receiving team is expected to catch/play the ball directly (no bounce).

NOTE: introductory progressions use a CATCH & TOSS method for ball movement (passing) between players. As the players' skills improve, they are encouraged to progress (transition) to the use of volleyball skills for all contacts (passes) during game play.
