## IDENTIFICATION PROCESS

Athletes who are interested in being identified for the program are encouraged to have their Club coach recommend them to Sask Volleyball via email. Coaches are to provide their full name, volleyball attributes and jersey #. Athletes who meet our high-performance standards will be observed during the Club season. The top 24 to 30 athletes will receive an email invitation to the Final Selection Camp the week following their Provincial Championships. Returning provincial team athletes do not need to attend the ID camp and will automatically receive an invitation to the Final Selection Camp in May.

## SELECTION PROCESS

The final selection committee will consist of the coaching staff, Sask Volleyball's High-Performance staff, and external evaluators.
