Coach & Person in Authority (PIA) Requirements: PROVINCIAL, NATIONAL, and SASK CUP ROSTERS

Sask Volleyball Provincials and Sask Cups will follow the same Volleyball Canada's Youth National Championships Coach Eligibility Requirements to ensure that all coaches participating at Provincials, Sask Cups or in a National Championships have the competencies necessary to provide every athlete with a safe, inclusive, and responsible sport experience. The only difference is that the Sask Sport Safe Sport policy requires PIA to complete a Vulnerable Sector Check (VSC), in addition to a Police Record Check.

Guiding Principles

All athletes have the right to NCCP Trained Coaching Staff. Coaches' responsibilities include:

- Provide an environment that is physically, mentally, emotionally, and socially safe for all athletes and participants.
- Provide a learning environment that incorporates teaching methodologies, technical guidelines, and long-term development principles.
- Ensure that all training is current and updated, as required.

MANDATORY Eligibility Requirements for all Persons in Authority (PIA):

PIA includes any registered person with the operation of volleyball within a club, including all coaching staff. **Team registrations will not be approved until** these **3 elements** have been verified by Sask Volleyball. All documents are to be entered at the time of registration through TeamLinkt.

Any Team with 1 Head coach and no assistant coaches, **MUST** have a registered PIA to adhere to the Rule of Two, and follow the PIA requirements. This PIA is **NOT** an Assistant coach and will not be allowed on the bench as such.

All coaches must adhere to the **Responsible Coaching Movement's Rule of Two** which states that any one-on-one interaction between a PIA and an individual athlete must take place within earshot and view of a second PIA. If possible one of the PIAs should be the same gender as the athlete. If a PIA is not available, another screened volunteer, parent or adult can be recruited. An exception is made for medical emergencies. [Rule of Two eLearning Module](#) (Free) is recommended to review. **(This screened PIA Individual is not a registered coach and is not permitted on the bench at tournaments)**

Teams that have a Recreational Coach (practice only) will need to have those coaches register with SVA as a Rec coach and will go through the same approval process as the PIA.

WARM-UP PROTOCOL

Volleyball Canada has introduced a warm-up protocol that *prohibits anyone from taking up a position inside the receiving court during the hitting portion of the warm-up.*

The protocol is now **required** and must be followed by all teams during the hitting portion of the team warm-up, **(article 7.2.4 of the Indoor Rulebook).**

- a) Athletes must remain on their side of the net immediately following an attack and only move to the opposite side of the net from outside of the court. Athletes are not permitted into the receiving court.

Any ball from the receiving side of the court, entered to the attacking side, must be entered from outside of the court.

Retrieved balls must be returned along the sidelines of the court and not through the receiving court.

If the team is using both sides of the court, i.e., full court game type activity – only one ball can be in play at any given time.

Opposing teams are not permitted to use volleyballs in the free zone during the other team's allocated court time. It is recommended for the opposing team to support the retrieval of volleyballs for the team on the court.

Teams not adhering to the protocol will be notified by the referee that they are to follow the above stated regulation. Teams must then adjust their warm-up accordingly. Time allotted for the hitting warm-up will not stop during the notification and adjustment period.

If a team chooses NOT to adjust their warm-up accordingly after the direction of the referee:

- 1) a Sask Volleyball representative may then be involved. The team in violation of article 7.2.4 will forfeit the rest of their warm-up AND either a side-out will be applied to the offending team if they have first serve or a point will be awarded to the opposition if they have first serve.
- 2) the referee will note on the scoresheet the team who chooses not to follow the warm-up protocol,
- 3) In the event of repeated offenses, Sask Volleyball will administer appropriate disciplinary action as per Sask Volleyball's Code of Conduct Policy.
